have already pre-selected the part for which they will audition.

"This was one of my favorite experiences while attending PHS," alumni frequently recall.

While key sections of this musical continue from year to year, current events are always included in the script to add relevancy and humor.

Preparations for this March 16 production began in January. More than 130 hours have been invested in rehearsals, primarily after school.

In addition to learning the events of the American Revolution through song and dance, the musical builds teamwork, cooperation and persever-

ance among the students. They increase their oral presentation skills and self-confidence as they perform on the Norris Theatre stage for parents, siblings, relatives, fellow students, faculty and members of the community.

Come and journey through the American Revolution with these talented and engaging 5th grade students from Peninsula Heritage School on Thursday, March 16 at 6:30 pm.
